

PRESS RELEASE

BREAKING NEWS

THE ROYAL CANADIAN LEGION ONTARIO COMMAND

Ontario Command Website www.on.legion.ca

Our Ontario Provincial Command website has a new and exciting look; we are now providing all branches with a default web page at no cost from our website that can be personalized to their individual branch!

Take this opportunity to view our branches events and much more that is taking place throughout Ontario Command. Our branches will now be able to have flyers/posters, branch newsletters, event calendars, list of executive members etc. to display. This page is accessed from the same place that their hours, activities and special events are currently displayed by clicking on “what’s new”.

Whether the branches have a separate web page or not, this is one more excellent way that is provided to promote our branches as many members of the public and branch members access this website on a daily basis looking for information on individual branches.

If this is your first time visiting our website or you haven’t visited in a while, please take the time as we have updated it recently. There are more pictures on the photo gallery and a “What’s New” item from our home page.

If you are planning a trip, drop in for a visit at one of our over 400 branches within Ontario Command, before you head out, please take the time and visit our branches web pages to see what is taking place.

For further information, please contact Mrs. Robyn Zettler at The Ontario Command Office (905) 841-7999.
