

Federal and Provincial Websites for Financial Support

With Legion Branches closed across Canada because of the COVID-19 pandemic, many are facing financial challenges and pressures. As a source of information, Legion National Headquarters is highlighting government and organizational websites that provide financial supports that may be applicable to your Legion Branch.

There are a range of financial relief programs to assist businesses and organizations impacted by the COVID-19 pandemic. These national and provincial initiatives include wage subsidy programs, tax deferral and property tax deferral programs, emergency financial relief programs, rent relief programs, utility payment relief programs, financial support for certain sectors and services, and more.

In addition to the sources below, many municipal governments are offering financial relief programs. We encourage Branches to check their municipal government website for information and potential supports.

Information on financial resources, eligibility and application processes continues to evolve, and we encourage Branches to visit these sites regularly for updates.

Federal Government Resources

Government of Canada

The Government of Canada is providing supports for Canadian businesses, organizations and sectors facing hardship as a result of the global COVID-19 outbreak.

National Legion Financial Support

The Dominion Command Executive Council released 3 million dollars from the Legion's national reserves to provide Branch Emergency Funds - non-repayable grants - to Branches that are suffering as a result of the COVID-19 pandemic.

The funds are managed through the Legion's Provincial/Territorial Commands, and via International Zones, and the specific amounts disbursed to Branches will be based on individual need. Contact your Provincial/Territorial Command for information. [Read more](#)
