

Past Participants Comments:

"Amazing week-end! Excellent work by caring people"

"The sponsors did an incredible job. This is the second time I have gone outside my comfort zone of home"

"I would absolutely return if invited. Your community and legion won my heart"

"Overall this week-end has given me a new sense of purpose, self worth and dignity that allowed me to be proud of the sacrifices that I have made."

Vet II Vet

Stand up for Veterans as they Stand up for You!
Serving Veterans with dignity and honour.

Mission Statement

To provide a safe environment for Veterans suffering from PTSD to meet and communicate among their peers about issues unique to their situation and not normally spoken of. As well, to provide their support persons an open environment to discuss their unique issues and to share other support information

The Vet II Vet Program started as a way to assist our Canadian Armed Forces veterans in dealing with PTSD after returning home from their duties in war zones around the globe. A warm, friendly atmosphere is provided in Canada's cottage country away from the veterans regular life. It is a safe place for these veterans to share in a one-on-one environment. Staff are completely volunteer and include nurses and other concerned veterans to provide peer to peer assistance. Funding and in kind gifts have been provided by Royal Canadian Legion, Ladies' Auxillary, private businesses, and individuals. Your assistance will help those who have given their all for Canada and it's citizens.

Royal Canadian Legion and Ladies' Auxillary,

Private Sponsors
Lures for Vets, Clarence Gear

Vet II Vet Week-End
