

Remembrance Day

Decades ago
In a faraway land
Footprints were made
In the dirt and the sand

Soldiers had left them
As they marched and they ran
Towards untold dangers
Their weapons in hand

They fought far from home
Left loved ones behind
Their families were worried
With no peace of mind

They fought to protect us
Our freedoms to keep
Explosions and gunfire
Kept them from sleep

We will always remember
For what they have done
The sacrifices given
The battles they won

The hardships they suffered
The lives that were lost
The grief of the families
Was it too high a cost?

We celebrate Remembrance Day
We honour the Vet
Our heads bowed in silence
Lest We Forget.
