

A Moment Of Silence

One day a year
Give a moment of silence
To remember the soldiers
Who fought through the violence

A moment of silence
For those who survived
The terrible war
And still seem to get by

They get by with family
They get by with friends
But the impact of the war
Never truly ends

A moment of silence
For those who fought
Who struggle to forget
The trauma they got

The trauma of taking
A life from another
And hurting their families,
Their Fathers, their Mothers

A moment of silence
For the family's sorrow
To hear that their loved ones
Would not see tomorrow

The terrible feeling
They must have had
Will stay with them forever
They will always be sad

On November 11th
At 11 o'clock
Take a moment of silence
To honor those who fought
