

Acknowledging Our Heroes: Providing Respect to the Valour and Bravery Of Soldiers

In fields of red, where poppies grow
We gather here, our respect to show
For those who fought, both brave and true
We remember and honour each one of you

Through battles fought and lives laid down
Heroes emerge there, courage renowned
They faced the darkness and stood tall and strong
Protecting our freedoms all day long

Their sacrifice we'll never forget
In our hearts, their memories are set
They fought for peace, in lands afar
Guided by love, like a shining star

In trenches deep, they held their ground
With comrades by their side, they were bound
Through tears and fears, they pressed on
Their Spirit unyielding, there will never go

We pay our respects, with heads held high
To those who served, with valour and sky,
Their names etched in history embrace,
Forever remembered, in time and space

So on this day, we gather near,
To honour the brave, and hold them dear
With gratitude, we stand as one
Remembering all they have done

In silence, we reflect our hearts unite
For the fallen heroes, shining bright
Their legacy lives on, forevermore
In our thoughts and prayers, to the core

Lest we forget, the sacrifice profound
For peace and freedom, they stood their ground
We honour them with love and pride
On this Remembrance Day, side by side
